### **Kitchen Faucet Will Not Retract Or Pull Out**

You do NOT need to dismantle the faucet either above the sink or under the sink. These common kitchen pull-out faucets have a weight in the middle of the spray hose (the hose you see when you pull the faucet out) this simple weight limits how far you can extend the spray hose and helps it retract back into the faucet spout.

### **Pull Out vs Pull Down Kitchen Faucets faucetassistant com**

A pull down faucet will generally have a taller spout so this is something to look out for if you re limited with the amount of overhead space you have. The actual spray hose is generally much shorter, although this isn t always the case. This is because it s designed to only pull down into the sink.
