### **Troy Bilt surging problems lawnmowerforum com**

I have a Troy-Bilt 21" walk behind mower with a Honda motor. There is no throttle on this mower so there is no way to adjust the speed. The mower surges all the time but seems to cut just fine. Is this the way it's supposed to run. I'm used to mowers with throttle control and a choke that isn't controlled by the motor. Thanks, Mike
